#### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### **ART REJECTION:**

##### ***Claim Rejections - 35 USC § 103***

2. Claims 1-48 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kayanakis et al(Kayanakis).

-- Claims 1-48 recite subject matter that is met by Kayanakis for the reasons of record as discussed in the previous Office Action, except for:

1) the film integrated circuits comprising a thin film transistor having a semiconductor film thickness of 0.2 micrometers or less and being electrically connected to the antenna through an opening in the substrate.

Although this configuration is not specifically disclosed by Kayanakis, it would have been obvious to one of ordinary skill in the art at the time the invention was made to incorporate the above stated features into the circuits of Kayanakis, since the examiner takes Official Notice that in the integrated circuit art, use of thin film transistors is well known and would have constituted design features that would have been readily recognized by one of ordinary skill in the art. Furthermore, connection of the circuits to the antenna through an opening in the substrate would have been obvious, since this would have provided an unobtrusive means of connecting the antenna with the circuit.

#### **REMARKS:**

##### ***Response to Arguments***

3. Applicant's arguments with respect to claims 1-48 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
